2.Home Page

This home page contains the login, signup and services provided options.

3.Registration page

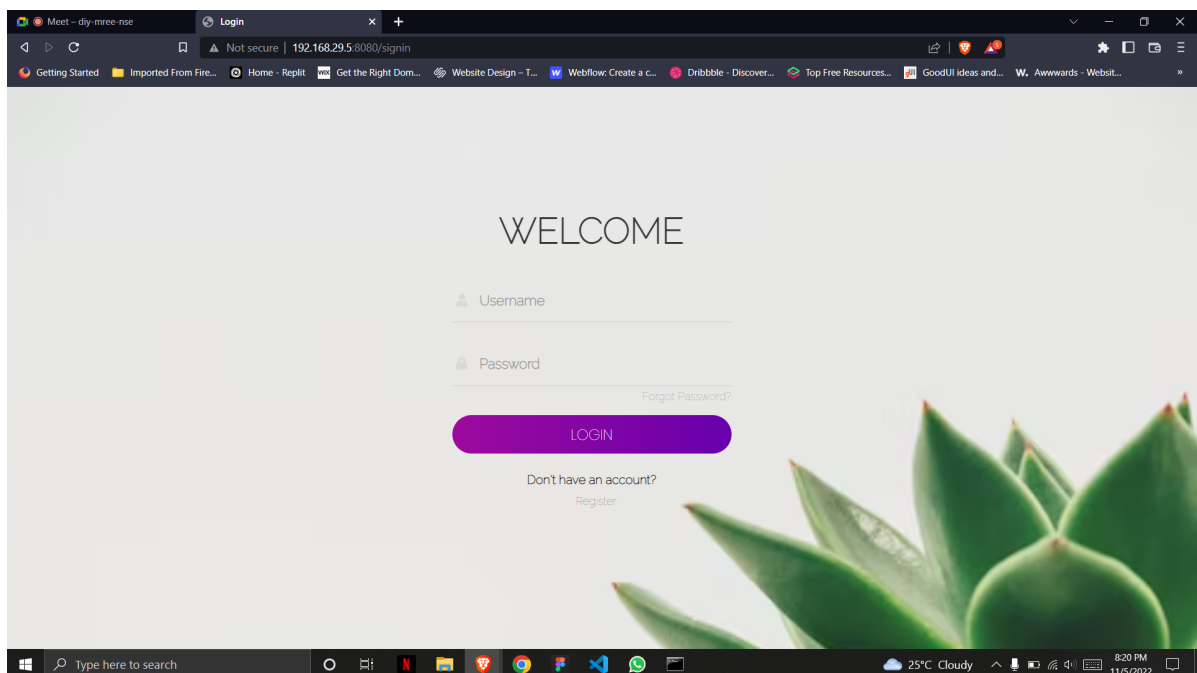

In this Registration page, the user can create an account using the username, email and password.

The screenshot shows a web browser window with the title "Register". The address bar displays "Not secure | 192.168.29.5:8080/signup". The page features a light gray background with a subtle geometric pattern. In the center, there is a registration form with three input fields: a username field containing "sai", an email field containing "rahulsheeja01@gmail.com", and a password field with masked characters. Below the fields is a blue "CREATE ACCOUNT" button. Underneath the button, there is a link that says "Already have an account? Sign in". The browser's taskbar at the bottom shows various application icons and the system clock indicating 8:21 PM on 11/5/2022.

4.Login page

In this Login page, the user login into the application using the username and password.

The screenshot shows a web browser window with the title "Login". The address bar displays "Not secure | 192.168.29.5:8080/signin". The page features a light gray background with a subtle geometric pattern. In the center, there is a login form with two input fields: a "Username" field and a "Password" field. Below the password field is a link that says "Forgot Password?". Below the fields is a purple "LOGIN" button. Underneath the button, there is a link that says "Don't have an account? Register". The browser's taskbar at the bottom shows various application icons and the system clock indicating 8:20 PM on 11/5/2022.
